FOR JOHN H. MARTIN, SHEILA B. AND SMALL BOATS

Each participant should read and complete this form and return to MLML Marine Operations through the chief scientist or directly to MLML Marine Operations. The information will remain confidential. Please be sure to read and acknowledge the notifications and release included on this form.

Name: First Middle Init. Last	Institution

Business or Home Address City State Zip Code	Phone Number

Person to be notified in case of an emergency Relationship

Address Phone Number

I, the undersigned, agree to accompany a cruise expedition(s) on a MLML Research Vessel. I understand that such expedition(s) may expose me to certain risks of injury or death or damage to my property. I hereby hold the Moss Landing Marine Laboratories, the SJSU and the SJSU Foundation, their officers, agents and employees harmless from any and all claims or liabilities which I might have or claim to have against them for injuries to my person, including death, or property, arising out of my participation in such expedition(s) except for the negligence of the operators of the MLML Research Vessel. I also agree to indemnify the Moss Landing Marine Laboratories, the SJSU and the SJSU Foundation for any of my negligent actions. I agree that I will not be compensated by the operators of the MLML Research Vessel for my participation in such expedition(s) and that I am not an employee of the Moss Landing Marine Laboratories, SJSU or the SJSU Foundation. I further understand that my employer or I is responsible for providing any medical insurance or worker's compensation insurance on my behalf and that the operators of the MLML Research Vessels do not provide such medical coverage for non-employees.

ZERO TOLERANCE

I understand that (1) Moss Landing Marine Laboratories supports the Federal "ZERO TOLERANCE POLICY" which strictly enforces the prohibition aboard vessels of illegal drugs (narcotics, marijuana, stimulants or other similar controlled substances). My violation of this policy could lead to termination of the voyage and my arrest by Federal authorities; (2) Alcoholic beverages, including beer and wine, are prohibited on board at all times; (3) Federal regulations require Moss Landing Marine Laboratories to request I submit to a drug/alcohol test should I be involved in a "Serious Marine Incident"; (4) My failure to submit to this test, if requested, will require Moss Landing Marine Laboratories to report my name and address to the U.S. Coast Guard and to my employer; (5) There is no expert medical service on board.

For my own protection, I report the following past or present health problems that may require emergency medical treatment and the following prescription or other medications that may have a bearing on medical treatment.

Signature of cruise participant Date

Signature of witness Date

Signature of Parent or Guardian Date
(If under the age of 18, parent or guardian must sign for participant)
